

Why Wealdlink?

Wealdlink operates weekly door-to-door shopping services to Crowborough, and monthly services to Tunbridge Wells and Eastbourne. The services are available to anyone who has difficulty accessing a regular bus service.

We help North Wealden residents who need the support, and who subsequently enjoy greater independence and a more active social life.

Increased independence gives our passengers greater confidence, which improves their quality of life and motivates them to stay in touch with an extended social network.

We know that our passengers make new friends through our services, with whom they enjoy their journey in comfort and safety.

About the Wealdlink friendly, assisted, door-to-door service

Door-to-door Service

To book your seat call 01892 771332 between 8:30am and 3pm the day before you wish to ride (weekdays only).

We will pick you up from your home and our trained volunteer drivers will assist you if necessary (with the exception of the Tuesday service which runs without passenger assistants)

The Tunbridge Wells service stops at the Royal Victoria Shopping Centre and Sainsbury's on request.

The Crowborough service stops outside Waitrose and Morrisons but we also stop by request at Lidl or the High Street which is convenient for the Post Office.

Pick-Up and Return Times

We will agree a pick-up time when you book your journey. The times may vary depending on the route we take for other pick-ups. All services start between 9 & 10am and you will be home by 3pm. Please be ready to leave at the appointed time so that the other passengers are not delayed.

Wheelchair Access

We have vehicles that are fitted with a ramp or lift for wheelchairs and buggies. Please let us know that you will need this service when booking your journey.

Any Questions?

Do I need to pay a registration fee to join?

No, just call **01892 771332**. We'll do the rest and arrange your first journey.

Can I feel confident about going out with people I don't know?

Yes! All our passengers had to make their first journey once.

Our drivers, assistants and passengers are all aware of how you are likely to feel, so our staff are trained to welcome you, and to help you to board and travel in safety.

How reliable are the pick-up and drop-off times?

We know it's important not to keep our passengers waiting.

We're experienced at judging schedules and arranging a collection time. We only ask that our customers are ready when we arrive so that we can keep moving.
